Food Service Protection That's on the MARK

DM3 Food Prep Marker Package

Save time and money with this date coding marker and label package. The DM3 one line food marker is perfect for quickly dating incoming shipments and comes with 8,000 CoolMark Labels, which are moisture resistant and very effective for permanent adhesion to frozen and dry products. Also available, are many other types of labels for use with the DM3.

HexArmor® NXT 302 Gloves

The HexArmor® NXT 302 Cut Glove offers the perfect combination of dexterity and level 5 cut protection. It provides 5 times the cut resistance and 1.1 times the abrasion resistance of traditional HDPE gloves. Ambidextrous, washable and form-fitting, this safety glove can be worn underneath standard disposable foodservice gloves to prevent cross-contamination. Available in 6 sizes from XS — XXL.

\$39.47

Includes 8,000 blank labels

\$11.70 each

DissolveMark™ Shelf Life Label (2" x 2")

Dissolves in any water temperature in less than 30 seconds leaving no sticky residue and eliminating labor costs due to scrubbing adhesive. Easy and safe to use on any pans or plastic containers.

Ovenable Pan Liners

Increase food safety in your school with FDA approved ovenable pan liners. The ovenable liners are great for cooking food. There is no scorching and leftovers can be stored, chilled and reheated in the same liner. They are safe to boil or microwave. Ovenable liners can be used at temperatures up to 400°F. 100/box
