

Special Services Known Bugs List - Detail

Id	Project	Name	Description	Planned Fix in
2101	EMIS Tools	SpS - EMIS Report - Default IEP Effective Dates for Service Plans	<P>On EMIS Report, when selecting IEPCreateDate and IEPEndDate, the default date of 1/1/1900 displays when the task is actually a Service Plan and doesn't have IEP Effective Dates. Report should display blanks instead of default 1/1/1900 date.</P>	
2102	EMIS Tools	SpS - EMIS Report - Selection for Service Plan Effective Dates	<P>On the EMIS Report Selection Screen, the checkboxes for Service Plan Start and End dates are not included and therefore cannot be displayed on the EMIS Report.</P>	
1967	Open Tasks	SpS - Open Tasks - CFE Progress Rpts (WEP) Tasks	When creating Progress Report (WEP) tasks using create from existing from the WEP task, progress report pages are not creating for corresponding goal pages and data is not populating. When creating PR (WEP) pages from WEP goal pages, data is not populating on the progress report pages.	
1940	Open Tasks	SpS - Open Tasks - ETR Add Forms list longer than window	When adding optional forms to ETR task, pop up window not long enough for forms list so Add Button appearing below window. Users are not always scrolling to see rest of page, causing frustration when attempting to add forms to tasks.	
1868	Open Tasks	SpS - Open Tasks - Student Properties Link Disappears	On accessing Open Tasks screen when default class has no students assigned, Student Properties link does not display. Link does not reappear even after new class and student are selected.	
2024	Forms/Page Edit	SpS - Page Edit - Save Page Name Refreshing Screen	<P>Save Page Name functionality on some browsers is prompting a refresh of the screen and potentially causing users to lose unsaved form data. Identified this occurs with Safari and in IE when SpS is a trusted site.</P>	
1987	Reports	SpS - Print Blank Forms - Add PR-05 Parent Consent	<P>The PR-05 Parent Consent form is missing from the form groups on the Reports-Print Blanks Forms page. Users are currently unable to print blank copies of this form.</P>	
2071	Completed Tasks	SpS - Completed Tasks - Banner showing Inconsistent Grade Level	Banner on Completed Tasks screen inconsistent in displaying grade level of completed tasks, thus not grouping all tasks for current grade level together in one section. Also, displaying incorrect grade for a few students in the banner, though grade correct on forms.	9.2.4
1966	Completed Tasks	SpS - Completed Tasks - Grade Level for PR (WEP)	When completed, Progress Report (WEP) tasks are not showing the grade level on the dark blue bar. The dark blue bar is blank, therefore is it separating from other tasks on the Completed Tasks screen.	9.2.4
2084	D2D Transfer	SpS - D2D - Import Screen Sizing	The D2D Import Step 2 screen is displaying the right portion beneath the D2D left menu instead of side-by-side for users with 1024X768 screen resolution. WORKAROUND: Scroll down to bottom of screen to see the right section and continue with Import process.	9.2.4
2114	EMIS Tools	SpS - EMIS Extract - District Extract Error "Fiscal Year for Building_DBID: 0"	When running the EMIS Extract for October Reporting for District, users receive error within the Extract Error file referencing "Error determining Fiscal Year for Building_DBID: 0". Users are still able to run EMIS Extract by building or individual student. WORKAROUND: Run extract by building or student.	9.2.4
2104	EMIS Tools	SpS - EMIS Extract - Error Running by District "table Table"	When running the EMIS Extract by District, users receive error "The extract failed. Column 'School_DBID' does not belong to table Table." which does not generate the District Extract file. Users are still able to run EMIS Extract by building or individual student. WORKAROUND: Run Extract by building or student.	9.2.4
2115	EMIS Tools	SpS - EMIS Extract - Extract Timeout Error	<P>When running the EMIS Extract by District, users periodically receive error "The extract failed. Timeout expired..." which does not generate the District Extract file. Users are still able to run EMIS Extract by building or individual student. WORKAROUND: Run Extract by building or student.</P>	9.2.4
2105	Forms/Page Edit	SpS - Forms - Checkboxes not Displaying on Forms	<P>On Open Tasks, checkbox values marked on forms prior to PB 9.2.3 when fields were radio buttons are not displaying on the forms now that forms are checkboxes. Issue caused by radio buttons using "Yes" and checkboxes using "YES" as values, where forms are looking for case sensitive values. WORKAROUND: Check appropriate value on checkbox field which will save "YES" value over "Yes".</P>	9.2.4

Special Services Known Bugs List - Detail

Id	Project	Name	Description	Planned Fix in
2108	Open Tasks	SpS - Open Tasks - Create From Existing Needs Pages Saved	After creating task using Create From Existing, users must open pages within the task and Save before information will display in Verify EMIS.	9.2.4
2088	Open Tasks	SpS - Open Tasks - Print Not Ordering Pages Correctly	<P>When printing open tasks, pages are not display in same order as they appear on the Open Task screen. IEPs with multiple goal pages created in order are grouping in Print in 1-2-4-3 order instead of 1-2-3-4 order, though all forms within the task are in the correct order. Completed Tasks for these set are sometimes also appearing in this incorrect order.</P>	9.2.4
2025	Forms/Page Edit	SpS - Progress Reports - Create From Existing Only Populates Dates on Goal 1	Progress Report tasks created using Create From Existing to copy data from IEP tasks are only populating the Effective Start and End dates on the first goal progress report page. All other goal progress report pages show blank effective dates.	9.2.4
2063	Task Queue	SpS - Task Queue - Principal/Guidance/Clerk Roles do not see Expired Tasks	Users with Principal/Guidance/Clerk access do not see Expired Tasks on their Task Queue screen, though they can access those tasks through Open Tasks screen.	9.2.4
2117	EMIS Tools	SpS - EMIS Extract - FD Records for SSEM Finalized Sets	When running the EMIS Extract, the system is currently only generating FD records for tasks completed/finalized since PB 9.1 where the disability condition has changed for the student. The system is currently omitting the SSEM sets, which are still active for the EMIS Reporting window, from generating FD records where the disability has changed for the student.	9.3.0
2118	EMIS Tools	SpS - EMIS Extract - Two Error Messages for Secondary Planning	When running the EMIS extract, users are seeing two different error messages referencing the Secondary Planning element. "SecondaryPlanning no selected for student XXXXXXXXXX." generates for records created against finalized IEP sets from SSEM while "Student XXXXXXXXXX - GE - Error retrieving Secondary Planning." generates for records created against completed tasks in SpS.	9.3.0
2116	EMIS Tools	SpS - EMIS Report - Selection Screen Referencing Old Disability Start Date	On the EMIS Review Report Selection Screen, the option for the Disability Start Date pulls data as entered in old format, where users keyed in the disability start date on the Special Ed Events page. Page currently does not provide an option to select new format Disability Start Date, where system automatically pulls date from the ETR Meeting Date on the ETR or IEP Cover Page.	9.3.0
2079	Forms/Page Edit	SpS - ETR Plan S - Change Adapted to Adaptive (S2415)	<P>On ETR Planning Form - School Age, change "Adapted Behavior" to "Adaptive Behavior".</P>	9.3.0
2113	Forms/Page Edit	SpS - IEP 12 - Add "Alternate Assessment" to Testing Page	Add "Alternate Assessment" as testing option on the IEP 12 Testing Page in addition to "With Accommodations", "Without Accommodations" and "Modified Assessment".	9.3.0
1957	Forms/Page Edit	SpS - IEP 12 - Grade Level DDL missing Blank Option (S2347)	<P>On the IEP 12 Testing Page, the blank value option is missing from the Grade Level drop down list and needs to be added back in so users can unselect the grade if selected incorrectly.</P>	9.3.0
2022	Forms/Page Edit	SpS - PR03_01 - Add Additional Signatures to Form	Manifestation Determination form only allows one signature line while ODE form allows multiple signature lines to include the entire team.	9.3.0
2087	Completed Tasks	SpS - Completed Tasks - Not Displaying Event Date from Form	Completed Tasks with meeting dates on cover page forms are not displaying Event Date on Completed Tasks screen. Likewise, these tasks are not displaying on the EMIS Review Report though active for specified date range. WORKAROUND: Recreate task using create from existing, save pages of new task, then complete new task. Confirm corrected information displays for new task, then delete old task.	support
2092	EMIS Tools	SpS - EMIS - EMIS Report Missing Student/Multi Students Tied to Task	<P>EMIS Review Report missing students with valid completed tasks due to multiple student records being tied to task in database. Individual student records experiencing issue can be manually corrected.</P>	support
2093	Reports	SpS - Reports - IEP Due Date Showing Duplicate Students	IEP Due Date Report showing invalid duplicate records for some student records, with either the same due date twice or with two separate due date records.	support
